

# EXPAND YOUR WORKFORCE WITH THE NLC

Prepare your nursing staff for January 1, 2023,  
and Care Beyond Boundaries.

**With Ohio joining the NLC, employers like you can:**

- » Expand employee recruitment and decrease the time it takes to fill positions.
  - » Confidently hire vetted, credentialed nurse candidates utilizing the NLC's uniform licensing requirements.
  - » Remove cost barriers for nurse employers that share the cost of multiple licenses; especially for national healthcare organizations who have locations all over the country.
-
