

A black and white photograph of a nurse wearing a white lab coat and a surgical mask, interacting with a young child. The nurse is holding a white object, possibly a stethoscope or a piece of equipment. The child is looking up at the nurse. The background is a bright, out-of-focus indoor setting.

EXPAND PATIENT CARE WITH A MULTISTATE LICENSE

Apply on January 1, 2023, and Care Beyond Boundaries.

With your new multistate license, you can:

- » Easily practice in-person or provide tele-nursing services to patients in all NLC states.
- » Quickly cross state borders to provide vital health care services in the event of a disaster or public health emergency.
- » Facilitate online nursing education.

SHARE YOUR EXPERTISE ACROSS STATE LINES
